Cotton Hill Studios, Inc. for Pfizer

Cotton Hill just wrapped up production on over 50 radio spots for Pfizer's "A Few Seconds" radio campaign. **Powers Agency** out of Cincinnati hired Cotton Hill to remotely record doctors in both Syracuse and Rochester, produce 2 radio spots per doctor, and create personalized CD's for each doctor.

Cotton Hill's **Ace Parkhurst** spent 2 evenings recording in Rochester, and **Aaron Scher** spent 2 evenings in in Syracuse. The raw voice-over tracks were then brought back to Cotton Hill for some editing, mixing, and mastering.

This is the second year Cotton Hill collaborated with Powers Agency for Pfizer.
